Structural Acupuncture for Physicians

OCTOBER 5, 2006 - JUNE 3, 2007

Introduction

The Harvard Medical School Department of Continuing Education and the Department of Physical Medicine & Rehabilitation at Spaulding Rehabilitation Hospital, in cooperation with the founding sponsor of the course, the Department of Anesthesia and Critical Care at Beth Israel Deaconess Medical Center, is offering a highly regarded, comprehensive, nine-month course in structural acupuncture for physicians.

This unique course provides practical, hands-on training in acupuncture. The training program is designed to bring together Eastern and Western views of health and disease into a result-oriented acupuncture style. You will learn to evaluate and treat patients using modern Japanese acupuncture techniques that link classical Chinese theory to concrete, understandable clinical diagnostic and treatment techniques. Strong emphasis is also placed on developing a neuroanatomical understanding of pain modulation with acupuncture.

The didactic portion of the course will focus on bridging the gap between acupuncture practice and science. The scientific basis of acupuncture and the methodological problems with acupuncture research is presented as part of the discussion of specific clinical conditions throughout the course. Emphasis is placed on comparing and contrasting actual research protocols with clinical treatment methods. This ongoing scientific discussion will provide participants the tools to better lead future research and clinical endeavors in acupuncture.

To achieve the highest level of academic and clinical teaching excellence, we have brought together distinguished members of the Harvard Medical School faculty with leaders in the field of Japanese acupuncture, including Ms. Kiiko Matsumoto and Mr. David Euler. Both are internationally recognized Japanese acupuncture theoreticians, and experts on the interpretation of classic Chinese acupuncture texts. They combine their theoretical knowledge with their vast clinical experience and have taught acupuncture both in the United States and abroad for more than 15 years.

Course Objectives

Upon completion of the course, you will be able to:

- n Integrate acupuncture diagnostic and therapeutic techniques for managing pain and other medical conditions into your clinical practice.
- n Apply neuroanatomical approaches to pain modulation with dry needling as an adjunctive treatment technique.
- n Understand the methodological problems with current clinical research in acupuncture.
- n Advance your clinical research skills with a solid grounding in both the practice and science of acupuncture.

Course Directors

Joseph F. Audette, M.A., M.D., is an instructor at Harvard Medical School, Department of Physical Medicine and Rehabilitation and Director of Outpatient Pain Services at Spaulding Rehabilitation Hospital. He is a graduate of the Tristate Institute of Traditional Chinese Medicine in New York and is a recognized authority in utilizing dry needling techniques for the treatment of pain.

Kiiko Matsumoto, L.Ac., is internationally known for her scholarly work on acupuncture and the interpretation of Chinese classic texts. She has published three fundamental texts on acupuncture with another in press. Ms. Matsumoto is known for her ability to integrate the work of important Japanese masters such as Masters Nagano, Kawai, and Dr. Manaka, into a coherent, clinically effective style. Her vast clinical experience and powerful teaching style are unique among acupuncture teachers in the U.S. today.

David Euler, L.Ac., is a recognized authority on modern Japanese styles of acupuncture and its integration with traditional Chinese styles and Western medical practice. Mr. Euler has worked in close collaboration with Ms. Matsumoto for over 10 years, and teaches her methods throughout the world. He is experienced in the training of physicians in acupuncture and is known for his "hands-on" teaching style. Previously, Mr. Euler was a member of the faculty and a clinical supervisor at the New England School of Acupuncture.

Course Schedule

This course meets from **October 5, 2006** through **June 3, 2007**. Sessions are held each Thursday evening from 5:30-9:30 pm in the Conference Center at Harvard Medical School located on 77 Avenue Louis Pasteur, Boston MA, and on selected weekends (Saturday from 8:00 am to 6:00 pm and Sunday from 8:00 am to 4:00 pm) once every other month. Each weekend session combines theory with clinical hands-on experience using patient volunteers. Home study is required averaging two to three hours per week to supplement each weekly session and five hours per month to support the weekend clinical sessions.

Web-based Learning - Lectures and demonstrations are audio and videotaped, then archived on a secure, Internet-accessible Web-site for review anytime and for long-distance learning. This will allow participants who cannot attend the lectures to obtain CME credit on the Web. Web-based learning requires five on-site clinical sessions in Boston.

CME credits for missed sessions are given after completing a self-assessment test once the lecture material is viewed online. Email Lsellers@partners.org with questions regarding the course schedule and for the dates of the weekend sessions.

Guest Speakers

Bridie J. Andrews, Ph.D.

Professor, Department of History,
Bentley College, Waltham, MA.

Charles Berde, M.D., Ph.D.

Professor, Department of Anesthesia
(Pediatrics), Harvard Medical School,
Children's Hospital Boston, Director,
Pain Management/Treatment Service,
Children's Hospital Boston

Russell A. Blinder, M.D.

Associate Professor in Radiology,
Harvard Medical School, Director of
Radiology Residency, Department of
Radiology, Brigham and Women's
Hospital

James Gronemeyer, D.O.

Doctor of Osteopathic Medicine,
Spaulding Rehabilitation Hospital

Kathleen Hui, M.D.

Neuroscientist, Imaging Center,
Massachusetts General Hospital,
Harvard Medical School

Dominik Irnich, D.Med.

Department of Anesthesia,
Ludwig-Maximilians University,
Munich, Germany
Chief, Interdisciplinary Pain Service

Helene Langevin, M.D.

Research Assistant Professor,
Department of Neurology, University
of Vermont College of Medicine,
Burlington, VT.

Lixing Lao, MD, Ph.D., L.Ac.

Associate Professor of Family
Medicine, University of Maryland
School of Medicine

Eric David Leskowitz, M.D.

Instructor, Department of Psychiatry,
Massachusetts General
Hospital, Harvard Medical School
Staff Psychiatrist, Pain Management
Program, Spaulding Rehabilitation
Hospital

Yuan-Chi Lin, M.D., M.P.H.

Director, Medical Acupuncture
Service, Children's Hospital Boston,
Harvard Medical School

Margaret Naeser, Ph.D., L.Ac.

Research Professor of Neurology,
Boston University School of Medicine
and V.A. Boston Healthcare System

Vitaly Napadow, Ph.D. Lic.Ac.

Instructor in Radiology
Harvard Medical School Department
of Radiology
Massachusetts General Hospital

Gira Patel, L.Ac.

Staff Acupuncturist; Arnold Pain
Management Center, Beth Israel
Deaconess Medical Center

Rosa N. Schnyer, L.Ac.

Research Associate, Division of
Research and Education in
Complementary and Integrative
Therapies, Harvard Medical School

Mark Seem, Ph.D.

President, Tristate College of
Acupuncture, New York, NY.

Jay P. Shah, M.D.

Instructor, American College of
Traditional Chinese Medicine,
San Francisco, CA

Samuel Shiflett, Ph.D.

Former Research Director Continuum
Center for Health and Healing, Beth
Israel Medical Center, NY, Assistant
Professor, Albert Einstein College of
Medicine.

Darrell Wallace L.Ac.

Acupuncturist experienced with
Japanese systems.

Frank H. Willard, Ph.D.

Professor of Anatomy, Department of
Anatomy, University of New England,
College of Osteopathic Medicine,
Biddeford, ME.

Topics

This course will include an introduction to traditional chinese medicine with special emphasis on developing an understanding of its practical application to clinical care from a Western perspective. Emphasis is given to "hands-on" point location and needling techniques based upon palpatory feedback, familiarization with the meridian pathways and organ pathology. The topics of this course will include the following:

- n Pain Control
- n Cardiac and Vascular Disorders
- n Hormonal Imbalances
- n Autoimmune and Autonomic Disorders
- n OB/GYN Problems
- n GI Disorders
- n Mood Disorders
- n Scar Treatments
- n Auricular Acupuncture
- n Structural and Orthopedic Problems
- n Myofascial and Neuroanatomic Treatment

Revitalize your practice and expand your ability to help your patients. For more information on course content call Dr. Audette at **(617) 319-2454** or Mr. Euler at **(508) 333-6787** or email us at **joseph_audette@hms.harvard.edu**.

Web-based Learning: Lectures and demonstrations are audio and videotaped, then archived on a secure, Internet-accessible Web-site for review anytime and for long distance learning. This will allow participants who cannot attend the lectures to obtain CME credit on the Web. Web-based learning requires five on-site clinical sessions in Boston.

Registration Information

Location: This course is held in the Conference Center at Harvard Medical School on 77 Avenue Louis Pasteur, Boston MA.

Accreditation: Harvard Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Harvard Medical School designates this educational activity for a maximum of 300 AMA PRA category 1 Credit(s)TM. Physician should only claim credit commensurate with the extent of their participation in the activity.

You are encouraged to come to one of the free introductory lectures to learn more details about the acupuncture course. **Earn \$100 off the course registration fee by attending one of the free introductory lectures.** Please call 781-391-7518 x267 to confirm your attendance.

Tuition for the nine-month acupuncture course is \$6,500 USD, which includes all session fees, syllabus materials, and access to the course secure Web-site. Space for this course is limited and acceptance is based on a first come first served basis once you have submitted a statement of personal intent and a copy of your medical license. Payment must accompany the registration form and must be received no later than **September 15, 2006**. Course dates, locations and program materials are subject to change.

Refund Policy: A handling fee of \$60 is deducted for cancellation. Refund requests must be received in writing by **October 6, 2006**.

Admission Information

No refunds will be made thereafter.

This course is open to physicians (M.D.'s and D.O.'s only). Admission is based on professional training, active professional license and a brief statement of purpose.

You must complete the application form below and submit with payment to Harvard Medical School, Department of Continuing Education, P.O. Box 825, Boston, MA 02117. The application deadline is **September 15, 2006**. You will be notified of admission decisions via mail no later than **September 22, 2006**.
